RE: Recommendation of the North American Numbering Council

Dear Chief Gillett:

On November 2, 2009, I submitted the recommendations of the NANC regarding certain aspects of the implementation of the Federal Communications Commission's Order No. 09-41 (*Local Number Portability Porting Interval and Validation Requirements; Telephone Number Portability*, WC Docket No. 07-244, CC Docket No. 95-116, Report and Order and Further Notice of Proposed Rulemaking (FNPRM), FCC 09-41 (2009) ("*2009 LNP Porting Intervals Order*"). The original submission of Attachment 4, Non-Consensus Recommendation, contained two embedded excel files. Those files have been extracted and renamed the following:

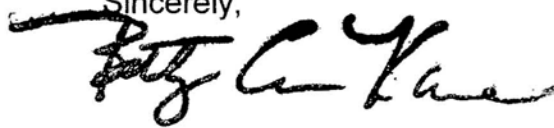

Attachment 4 – Non-Consensus Recommendation
Attachment 4-A – Assumptions
Attachment 4-B – Standard Data for Requests
Attachment 4-C – OBF Participating Companies/LNPA WG Participating

Please accept this resubmission from the NANC which includes, the original submission of the Recommended Plan for Implementation of the FCC Order 09-41 (Attachment 1), and the original Non-Consensus Recommendation (Attachment 4) with the imbedded documents as separate attachments, 4-A, 4-B and 4-C.
